OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 3145/102

~~Bangalore~~, Mysore, 19 October 1897

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore in the General and Revenue Departments.

SIR,

In continuation of my letter No 2394/68 dated 13th September 1897, Dept No 35 I have the honour to recommend that Government may be pleased to sanction from the Provincial Funds a monthly grant of Rs 10 for the Wesleyan Mission Kannada Girls' School at Kyatasandra in Tumkur Taluk with effect from 1st July 1897 The Wesleyan Mission Boys' and Girls' School at Kyatasandra was an aided School until January 1891 when the grant was stopped for want of attendance, but the school has been kept up by the Mission and has of late regained much of its popularity and strength. In the village of Kyatasandra which is 4 miles distant from Tumkur the population is 2315,

and though there is a Government Girls' School held in a temple of the place the Mission Girls' Scho which has a building of its own is also fairly well attended, and there is scope for two schools working side by side as in other large towns ?

I have the honour to be
Sir,
Your most obedient servant,

H J Bhabha
Inspector General
N.P.

No 6377/201 with enclos 2 ~~Bangalore~~, Mysore, 19 January 1898

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Deptts,
Bangalore

SIR,

With reference to para 3 of Government Order No 5266-7 Ed 7.26-96 dated the 10th November 1897 sanctioning certain new grants and increases of grants, I have the honour to submit below the information called for regarding the following Schools

No	Name of School	Particulars required
(2)	Aided Hindustani Girls School, Hunsur — Increase as per original Cost in ~~Rs~~ 5 Rs 7/-+	There were 38 pupils on the rolls on the 30th June 1897 The Managers do not ask for a building Grant - They want the present monthly Grant of 5 Rs to be raised to Rs 12 in order that ~~they~~ may rent a better ~~house~~ the school, em- ~~ploy~~ and pay

(4) Aided Hindu Balika Pathasala, Harapete, Tumkur	There were pupils on the 30th June 1897
(5) Hindustani Girls' School, Lashkar Mohalla, Mysore —	There were 43 pupils on the 30th June 1897
(6) Aided Hindustani School, Hole Honnur —	The Grant was reduced as the school was not in a satisfactory state in 1894
(7) Fort European School, Bangalore —	There were 25 boys and 13 girls on the 30th June 1897
(8) Aided Girls' School, Saklespur.	There were 54 Girls on the 30th June 1897.
(10) Industrial School, Hassan —	A copy of the Annual Report for 1896-97 is submitted.

2 With reference to the Sanskrit Schools at Nanjangud and Belur, I have been asked to consult the Muzrai Superintendent I submit there is nothing for which consultation with that officer is required The Muzrai Department has ceased to give any aid to Sanskrit schools which are aided by the Education Department - When the school was maintained by the Muzrai Department from 1885 to 1892, calculating the value of rice lavâjama and pay in cash from the temple funds the cost of the establishment of the Nanjangud Sanskrit School was Rs 47 All aid from the Muzrai Department was withdrawn in 1892,

and the present Government grant of Rs 30 (40) does not remunerate the teachers adequately, though the state of the school is highly satisfactory I have therefore recommended that the grant may be raised to Rs 50 The Belur Sanskrit school at one time was famous for its teaching of Shastrâs. The teaching is now confined to Kavya and the Vêdas At my inspection of the school in June 1897 there were five students desirous of studying the higher parts of Vyâkarana and Tarka, and the School Committee requested that the present monthly grant of Rs 30 might be increased by Rs 20 at least to permit of the employment of a Pandit to teach Vyâkarana and Tarka for the Vidwath Examinations

I have the honour to be,

Sir,

Your most obedient servant,

H J Bhabha

Inspector General

Report of the Hassan Industrial school for 1896–97

The Industrial school had 18 students on its Register at the time of the visit of the Inspector General of Education in June last At his suggestion students of the High school were allowed to attend after 5 O clock in the evening and in consequence the numbers ran up to 35 All these will not continue to attend unless some small scholarships is given to each and the present grant in-aid is not sufficient to meet this new demand

The total amount drawn from the Treasury was Rs 1520 to meet the cost of teaching staff. some of the scholarships and a small portion of the value of timber From the sale of furniture Rs 700 was refunded to the Treasury thus leaving the cost to Government at Rs 820 If the school is to be maintained in a state of efficiency it will be necessary to increase the amount of the grant as well as the monthly amount drawn from the

Treasury

The income derived from the orders given for furniture etc amounted to over £4000 which amount had to be expended partly in the purchase of Timber, payments made to Sawyers for iron, Small stoves, locks etc and the remaining £700 was paid into the Treasury

All the schools both Government and private in the Hassan and Kadur Districts have been supplied with furniture from the Industrial school The furniture for local fund dispensaries is manufactured at the school Private parties order Tables, Chairs, Almirahs, boxes and now we are busy making gymnastic apparatus Our thanks are due to the Revenue and Judicial Departments, to the D P W and to the European planters and others for the large number of orders

A new shed has been erected and the roof supported on brick pillars which form a more convenient work shop than the old one which was always in danger of coming down in consequence of the wooden posts being eaten by white ants.

Work is so easily obtainable that students leave before passing any public Examination but if the grant be increased students will be induced to remain longer

and present themselves for Examination the amount of work turned out is sufficient proof of the care bestowed upon them and the deligence with which they have worked

I beg to remain
sir,
your most obedient servant
(Signed) Samual Cress

Extract from the Annual Report of the Mysore North Circle for the Year 1896-97

The aided Industrial School at Melkota had 18 pupils against 10 in the previous year 11 were in the carpentary class, 6 in the weaving class and one in the tailoring class By race or creed 8 were Brahmins, 1 a Kshatriya, 9 other high caste Hindus The school was inspected on the 12 March 97 when the printing branch had not been opened for want of funds The best boys in the carpentary branch could make tables, benches, stools, windows and door frames &c others being able to make only wooden cups, clock stands &c more or less nicely The weaving was in working order, the work having been started a few days before"

OFFICE OF
INSPECTOR GENERAL OF EDUCATION IN MYSORE

Bangalore, Mysore, 23 January 1898

No 6381/205

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Depts,
Bangalore

SIR,

With reference to para 2 of Government Proceedings No 5266-7-Ed 7 26-96 dated Bangalore 10th November 1897, I have the honour to inform you that all Sanskrit Schools are aided institutions except the Bangalore Sanskrit College and that it is proper that they should be so. For if they are aided, Government have not to provide pensions for the teachers, instruction in religious matters may be combined with purely linguistic studies and the pandits who give instruction may be of any age. The Tumkur Sanskrit school which has a Veda class in addition to Sahitya Classes should be no exception to the rule I inspected the Tumkur Sanskrit School on the 2nd December last in company with the Deputy

17

Commissioner The progress in Sahitya is very little Two boys read Champu Ramayana, 4 Raghuvamsa, and 30 Sabda and Amara Thirty of the boys learn to repeat the Vedas - Four teachers are employed who are said to receive as pay Rs 8, 6, 6, and 6 respectively The school has been maintained till now from subscrip-tions A grant of Rs 15 a month is quite ample and was approved by the Deputy-Commissioner - I recommend that it may be sanctioned with retrospective effect from 1st July 1897

I have the honour to be,

Sir,

Your most obedient servant,

H J Bhabha

~~Bangalore~~, Mysore, 23 January 1898

No 6389/206

From

H J BHABHA, ESQ,
Inspector General of Education in Mysore,

To

The Secretary to the Government of Mysore
in the General and Revenue Departments,
Bangalore.

SIR,

With reference to para 1 of Order No 5266-7-Ed 7 26-96 dated Bangalore 10th November 1897, I have the honour to inform you that the Grant-in-aid Rules of 1st May 1873 have long since become obsolete and have not been followed as far as I know since the Rendition When those rules were made there were hardly any Night Schools and the rule that the monthly grant shall not exceed half the cost of establishment can now hardly apply to schools like the Sanskrit Schools and Night Schools, when they are not maintained by Municipalities or Mission Agencies When a Night School is maintained by a Mission Agency it is fair that half the cost should be borne by the Mission and half by Government. But when a Night School is instructed by teachers of Government day schools, it is also fair that the whole cost consisting of small remunerations to the teachers should be borne by Government As a fact these teachers have till now been teaching grates in the Night Schools not hitherto aided by Government In their applications for grants they

(20) their services at their own valuation and put down the estimate as the present monthly cost. This estimate has to be revised by me with reference to the qualifications of the teachers, and the amount and nature of the work they do. The grants recommended by me have been proposed after a due consideration of all circumstances. The remuneration of the teachers employed in night schools is from Rs 2 to 4 a month and can hardly bear cutting down without causing disappointment and discouragement I submit therefore that the moderate grants recommended by me in the case of the following night schools may be sanctioned from 1st January 1898, or if that is not possible from 1st July 1898

	Present monthly cost.	Amount of grant recommended.	Amount of grant sanctioned.
Hindustani Night School, Kumgal.	12	8	6
Hindu Night School, Kumgal.	15	10	7½
Night School Maddagiri.	15	10	7½
Do Heggaddevankote.	12	7	6
